

BRIEF SESSION VERY SUPERFICIAL AFFAIR SLUGGISH IN EXTREME

Market Facing a Double Holiday and Also the Fact That German Note May Be Received Is Perfunctory Affair.

NEW YORK, May 29.—In the face of a double holiday and strong intimations that Germany's reply to the American Lusitania note might be made public before the resumption of business Tuesday, the brief session of the stock exchange was an altogether superficial affair. The tone at the outset was irregular, gradually verging toward heaviness on rumors that Germany has issued another note warning. A more careful perusal of this notice served to allay the apprehension so in some quarters as it was regarded as the desire on Berlin's part to show greater conciliation. Leading stocks made full recovery in the final dealings, the market closing with a firm tone. Shares of the low priced railways mainly Rock Island and Mo. Pac., moved contrarily. Canadian Pacific, which was firm in London, but invited to further heaviness here, reported a net loss of \$657,000 of net earnings in April, a total decrease since July of \$7,674,000. Erie also showed the effect of increased operating expenses with a net decrease for April of \$280,000.

Total sales, stocks, 156,000 shares. The bank statement disclosed another large expansion of loans, but the credit cash gain amounted to considerably over six million dollars with an increase of slightly more than three million in reserve. Bonds were irregular on moderate trading.

Argentina shipped 7,685,000 bushels of wheat last week.

Failures in the United States this week, 285, against 430 last week and 232 last year.

Westinghouse Electric received contract for \$6,000,000 of machines work in connection with shell construction. Missouri Pacific announces that unless plan for extension of notes becomes operative semi-annually, note interest will not be paid.

Germany's reply to be handed to American ambassador today.

BOSTON, May 29.—Business was the feature of the Boston market with some evening up of trades on account of the coming holiday. A strong tone was noticeable, however, with closing prices at about the best of the day.

MRS. WILLIAMS' LONG SICKNESS

Yields To Lydia E. Pinkham's Vegetable Compound.

Elkhart, Ind.—"I suffered for four years from organic inflammation, female weakness, pain and irregularities. The pains in my sides were increased by walking or standing on my feet and I had such awful bearing down feelings, was depressed in spirits and became thin and pale with dull, heavy eyes. I had six doctors from whom I received only temporary relief. I decided to give Lydia E. Pinkham's Vegetable Compound a fair trial and also the Sensitive Wash. I have now used the remedies for four months and cannot express my thanks for what they have done for me.

"If these lines will be of any benefit you have my permission to publish them."—Mrs. SADIE WILLIAMS, 455 James Street, Elkhart, Indiana.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

ANIMALS ROUSED TO UNSIGNED LETTERS ON BOXING PROBLEM

Unsigned Letter, in Regard to Naco Boxing, Is Piece de Resistance for Sporting Department's Supper.

Through kindness of the editorial management of the Ore, the following letter came into the Review office and is, herewith, printed.

To the Editor of the Ore:

Dear Sir:—We read with a smile, in this morning's Review the pseudo-matrix attempt to lampoon the principals, as well as the promoter, of the recent fight held in Naco. The source of the article, we have reason to know, would in himself, be better able to judge the merits of a Sunday school picnic foot race.

It is obvious that the reporter of the article referred to, is a perfect dupe. We judge from his outward contour and phiz, that he has a weak back bone and a stiff shirt front, he is shooting bon bons instead of real bullets. Yes he is a real joke. And we suggest to him, that he resign himself from any further knocking. Moreover we believe that a course in eulogy, with special emphasis on the part given toward the subduing of enconium, especially with reference to the

recent Y. M. C. A. articles. It is too obviously a case of "sneaking."

In closing we wish to state that it will be better for the milk-sipping temperament of the reporter referred to, if he refrains from any more of his sham criticisms. Let those who are able to judge, do the judging.

Yours for a square deal.

A BOXING FAN.

The animals are stirred. They have come to life and, as is always the case, a "Daniel rises." Yea, even, it might be termed a Moses who has risen to lead his people from out the wilderness. The Moses poses under the name of "A Boxing Fan."

In regard to the boxing fan:

People who have what is termed as "guts" in a sporting sense usually sign their names. They do not throw mud without allowing the other fellow to know where the mud comes from. They do not stoop to pettiness, but come into the open. It might be (and probably is) that "A Boxing Fan" is a little ashamed to have his name appear under such circumstances. When unsigned letters are received, in any case, the writer of them is either afraid of his name being seen, or has no confidence in his assertions. Let Mr. Boxing Fan come into the open.

The Boxing Fan, in the first place, is, again, barking up the wrong box elder. He has apparently grasped the straw in an effort to deny the only place where Athletics are enjoyed in Bisbee at the present time. It might not be far from the truth to assert that, possibly, the Boxing Fan, was refused admittance to the institution he endeavored to censure.

As for the merits of the controversy, there is considerable to be said on both sides. When boxing takes on a completion of anything but a "skin game" the people will, undoubtedly, support it. As long as it resembles the last show the gate receipts, which in every case, is the best criterion to judge results by will be again in the neighborhood of \$77.

Manager Sid Coburn has informed the writer that he expects to have some better material in his bouts. He has said that Bullard should be whipped before he is eliminated. The promoter is running his own business and far be it from us to attempt to advise, but in whipping Bullard he may succeed in diverting such crowds as he might expect to have into other channels.

The management states he is endeavoring to secure the services of Battling Nelson and Ad Wolgast for a go July 4. Such men would undoubtedly draw a record crowd to Naco and it is to be hoped that the plans will materialize.

In conclusion:

It would be a relief to see "A Boxing Fan." It would be good to see one who attempts to gain his point by the use of large words. Most everyone has a dictionary, however, those days and once or twice several of the letter's readers may have seen the word "Pseudo" and know how to spell it. Moreover it may have been possible that the "Fan" was merely practicing on an Oliver typewriter, endeavoring to see if the self-pennsylvania would be effective.

Let's hear from you again, Mr. Fan. But come into the open. Don't skulk around in the dark like the unknown and unkempt which bark at the moon and then run when it shows over the mountain side.

Mishap—Misuse The Only Clouds That Ever Dim The Glory of Fortified Tires

Goodyear tires, like other tires, meet with ill-luck at times. No doubt some men are judging them by some such rare exception.

To them we say this: Remember that men have tested nearly five million Goodyear tires. The tests have covered 15 years. Long ago those tests placed Goodyears at the top, and they've kept there ever since.

Last year men bought about one Goodyear tire for every car in use. Doesn't that show that men in general have proved these tires the best?
